

# Old WWWine in New Bottles?

Developments in electronic information and communication:  
structural change & and functional inertia

*Helmut M. Artus*  
*Social Science Information Centre*  
*Bonn, Germany*

Part I:

Empirical Findings

**Table 1:**

**e-Journals According to Type of Publisher**

<i>Type of Publisher</i>	<i>abs.</i>
Commercial	42
Non-commercial.	59
<b>Total:</b>	<b>101</b>

**Table 2: e-Journals: Free or not free?**

<i><b>Publisher</b></i>	<i><b>Internet Version</b></i>			
	<i><b>free of charge</b></i>		<i><b>liable to charge</b></i>	
	<i><b>abs.</b></i>	<i><b>%</b></i>	<i><b>abs.</b></i>	<i><b>%</b></i>
Commercial	6	14	36	86
Non-commercial	50	85	9	15

**Table 3:**

**Print Versions of e-Journals: Free or not free?**

<i>Publisher</i>	<i>Print Version</i>		
	<i>NO</i>	<i>free of charge</i>	<i>liable to charge</i>
Commercial	1	-	27
Non-commercial	22	9	11

**Table 4:  
Differences Between Internet and Print Version\*)**

Type of Publisher	Difference between Internet and Print		Difference between Internet and Print		Total
	free of charge	liable to charge	free of charge	free of charge	
Commercial	-	24	3	-	<b>27</b>
Non-commercial	9	6	5	-	<b>20</b>
<b>Total:</b>	<b>9</b>	<b>30</b>	<b>8</b>	<b>-</b>	<b>47</b>
<b>Total (aggregated)</b>	<b>39 (83%)</b>		<b>8 (17%)</b>		

\*) These are again all cases with clear information concerning prices and with different versions.

## Part I, continued:

### Informal Experience from:

- \* database SOLIS (white & grey literature, publication series)
- \* R&D project *infoconnex*
- \* R&D project *vascoda*
- \* R&D project *SozioNet*

Part II:

Theoretical Explications

# Science & its Sub-Systems

# Science & its Sub-Systems

## → Cognitive System:

- information and communication (including reduction of information)

# Science & its Sub-Systems

## → Cognitive System:

- information and communication (including reduction of information)

## → Social System:

- social interaction, importance and reputation of scientists, journals, institutes, scientific findings and theories

# Science & its Sub-Systems

## → Cognitive System:

- information and communication (including reduction of information)

## → Social System:

- social interaction, importance and reputation of scientists, journals, institutes, scientific findings and theories

## → Economic System:

- commercial publishing, (commercial) market for scientific information, science-as-a-job & scientists-as-employees

# Science & its Sub-Systems

## → Cognitive System:

- information and communication (including reduction of information)

## → Social System:

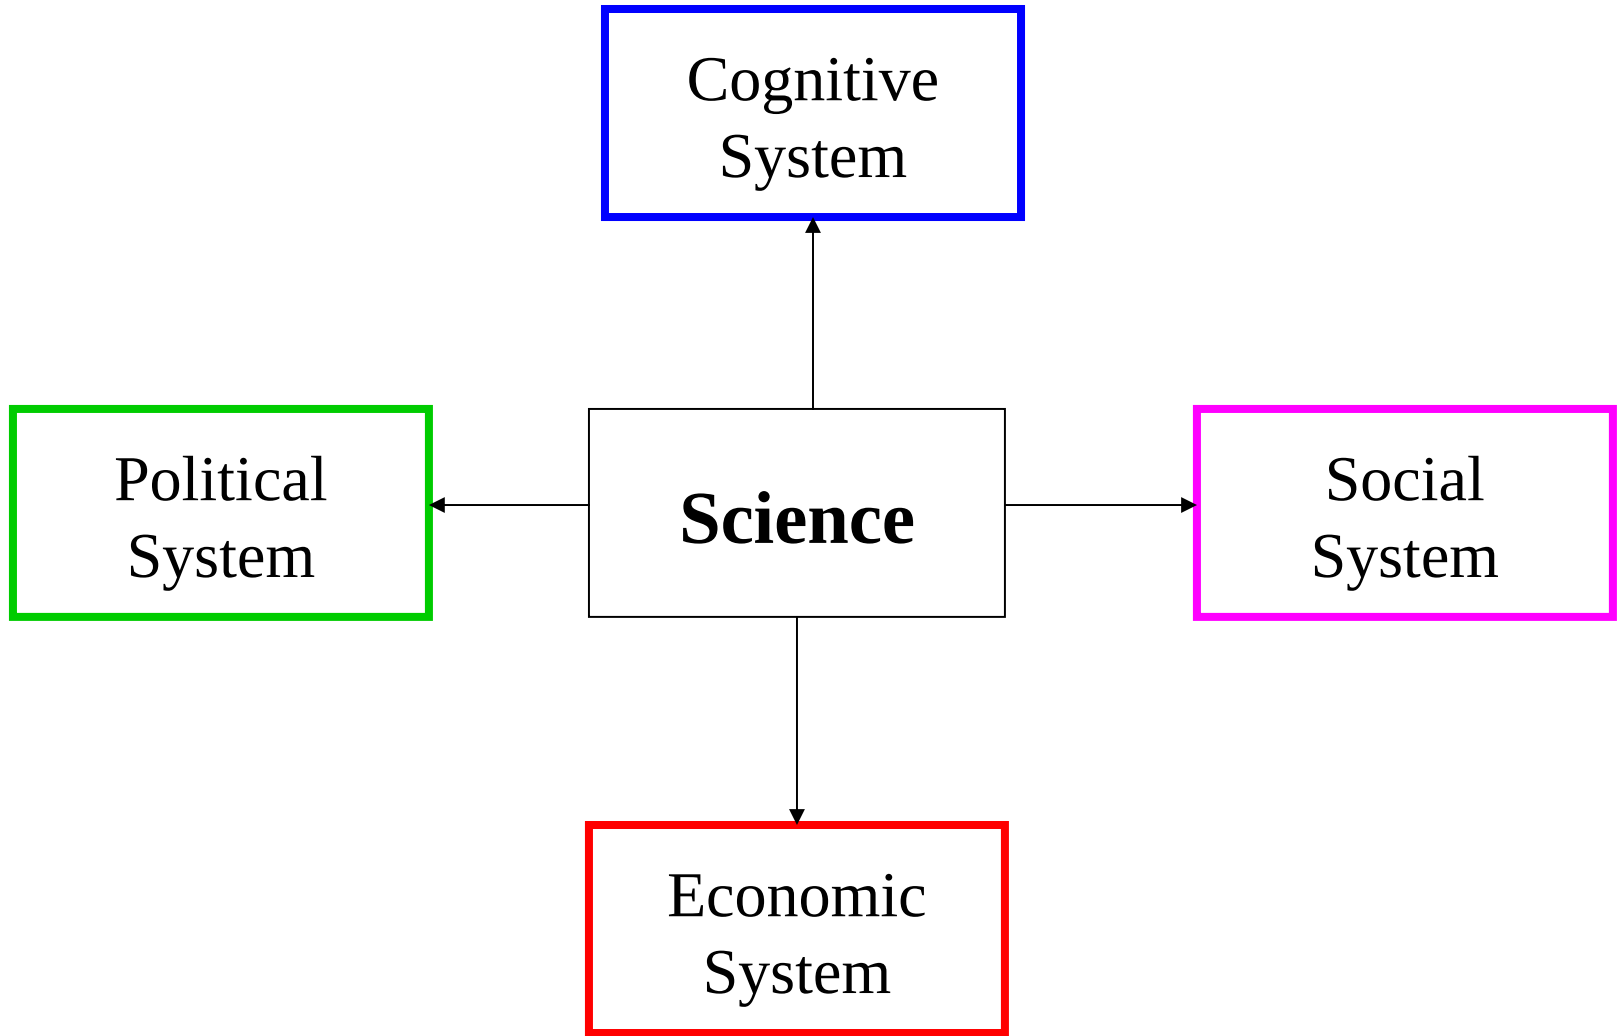

- social interaction, importance and reputation of scientists, journals, institutes, scientific findings and theories

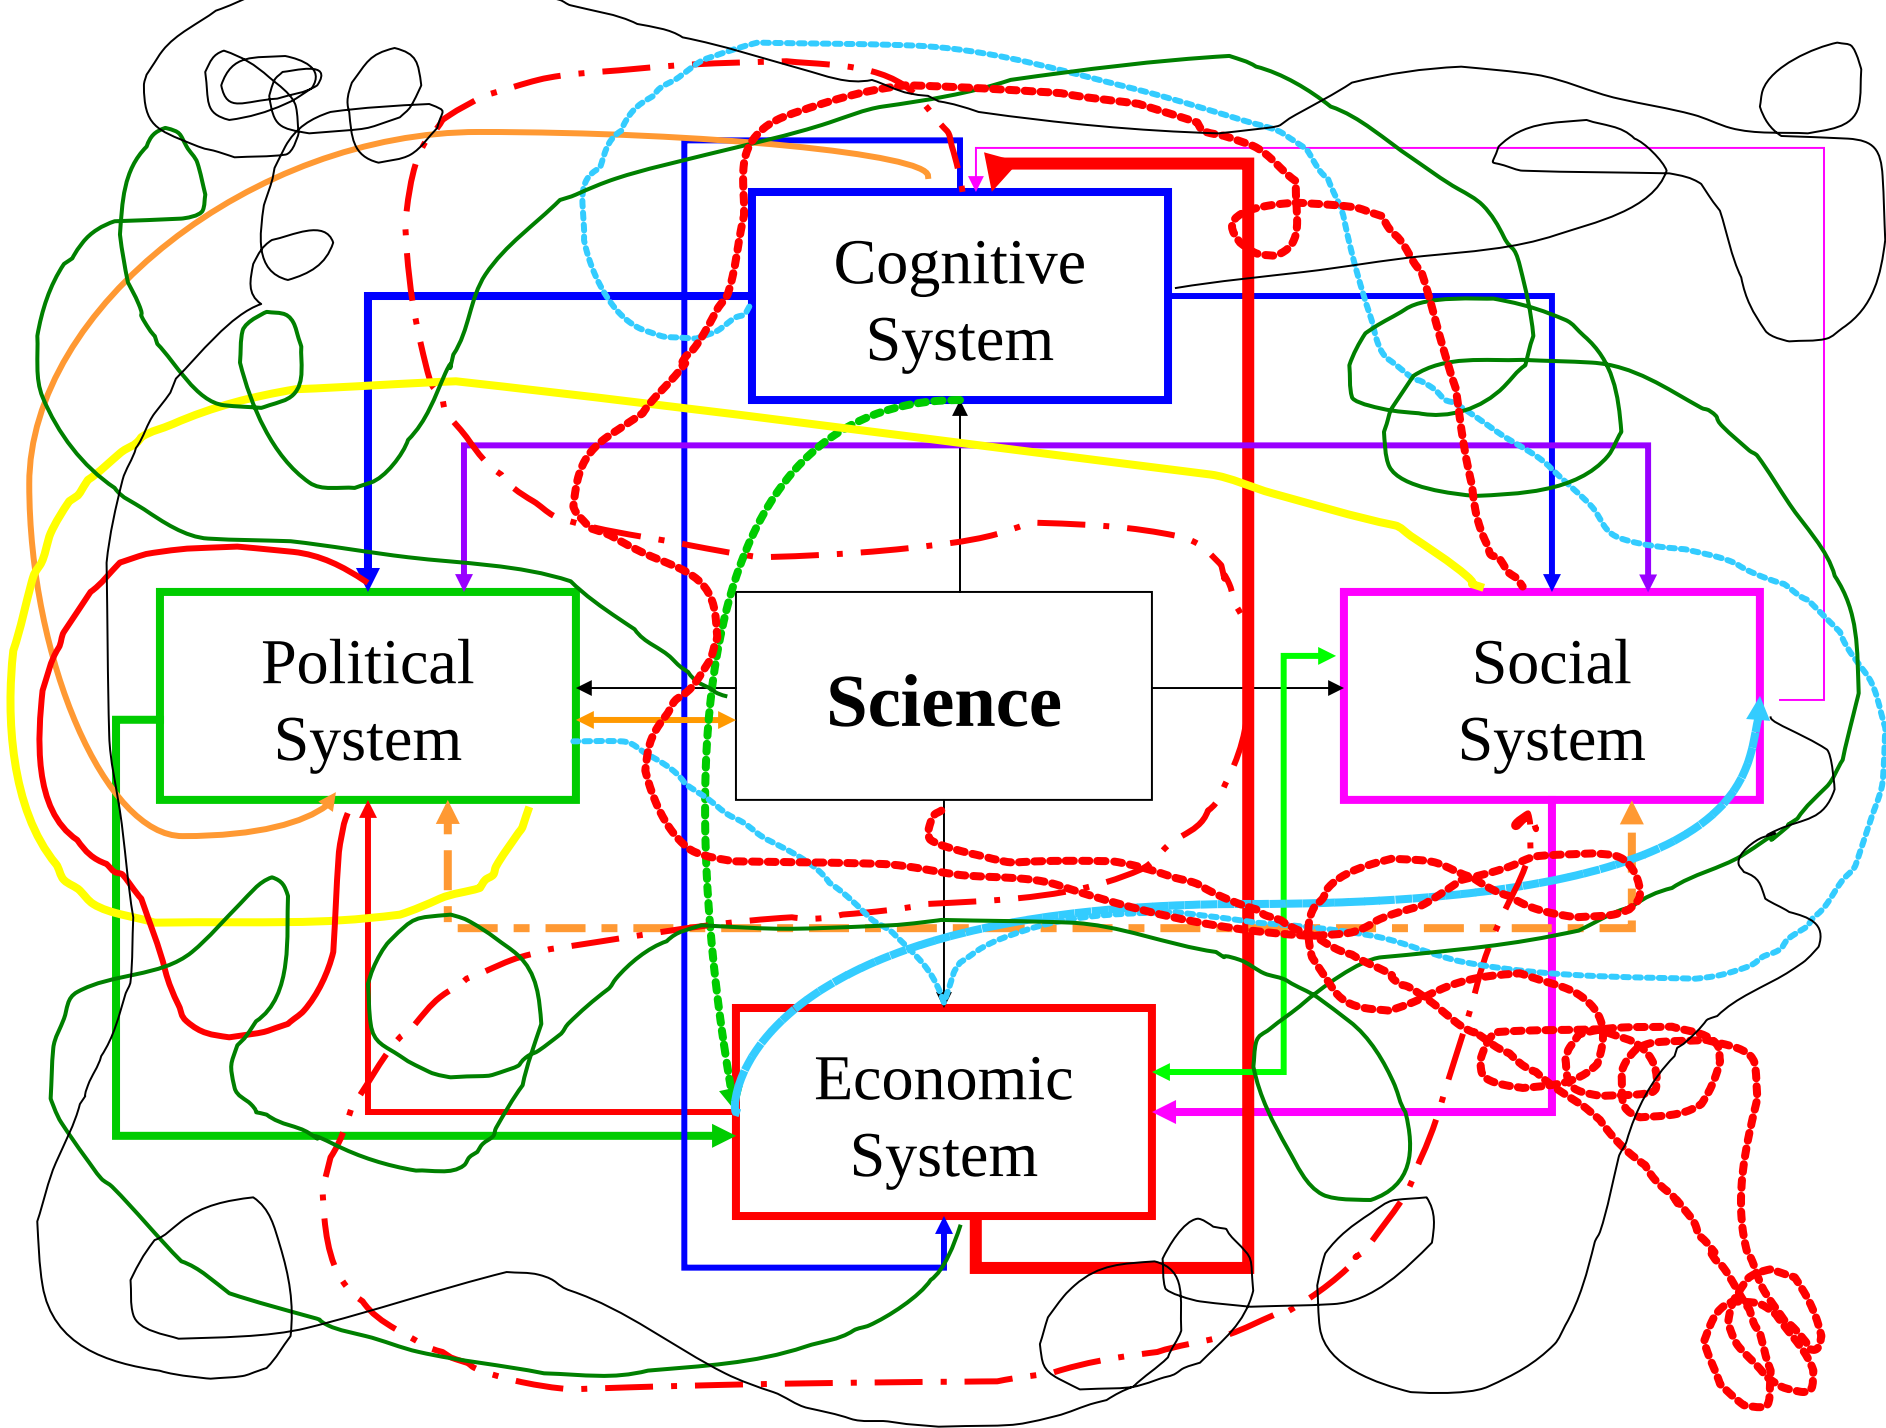

## → Economic System:

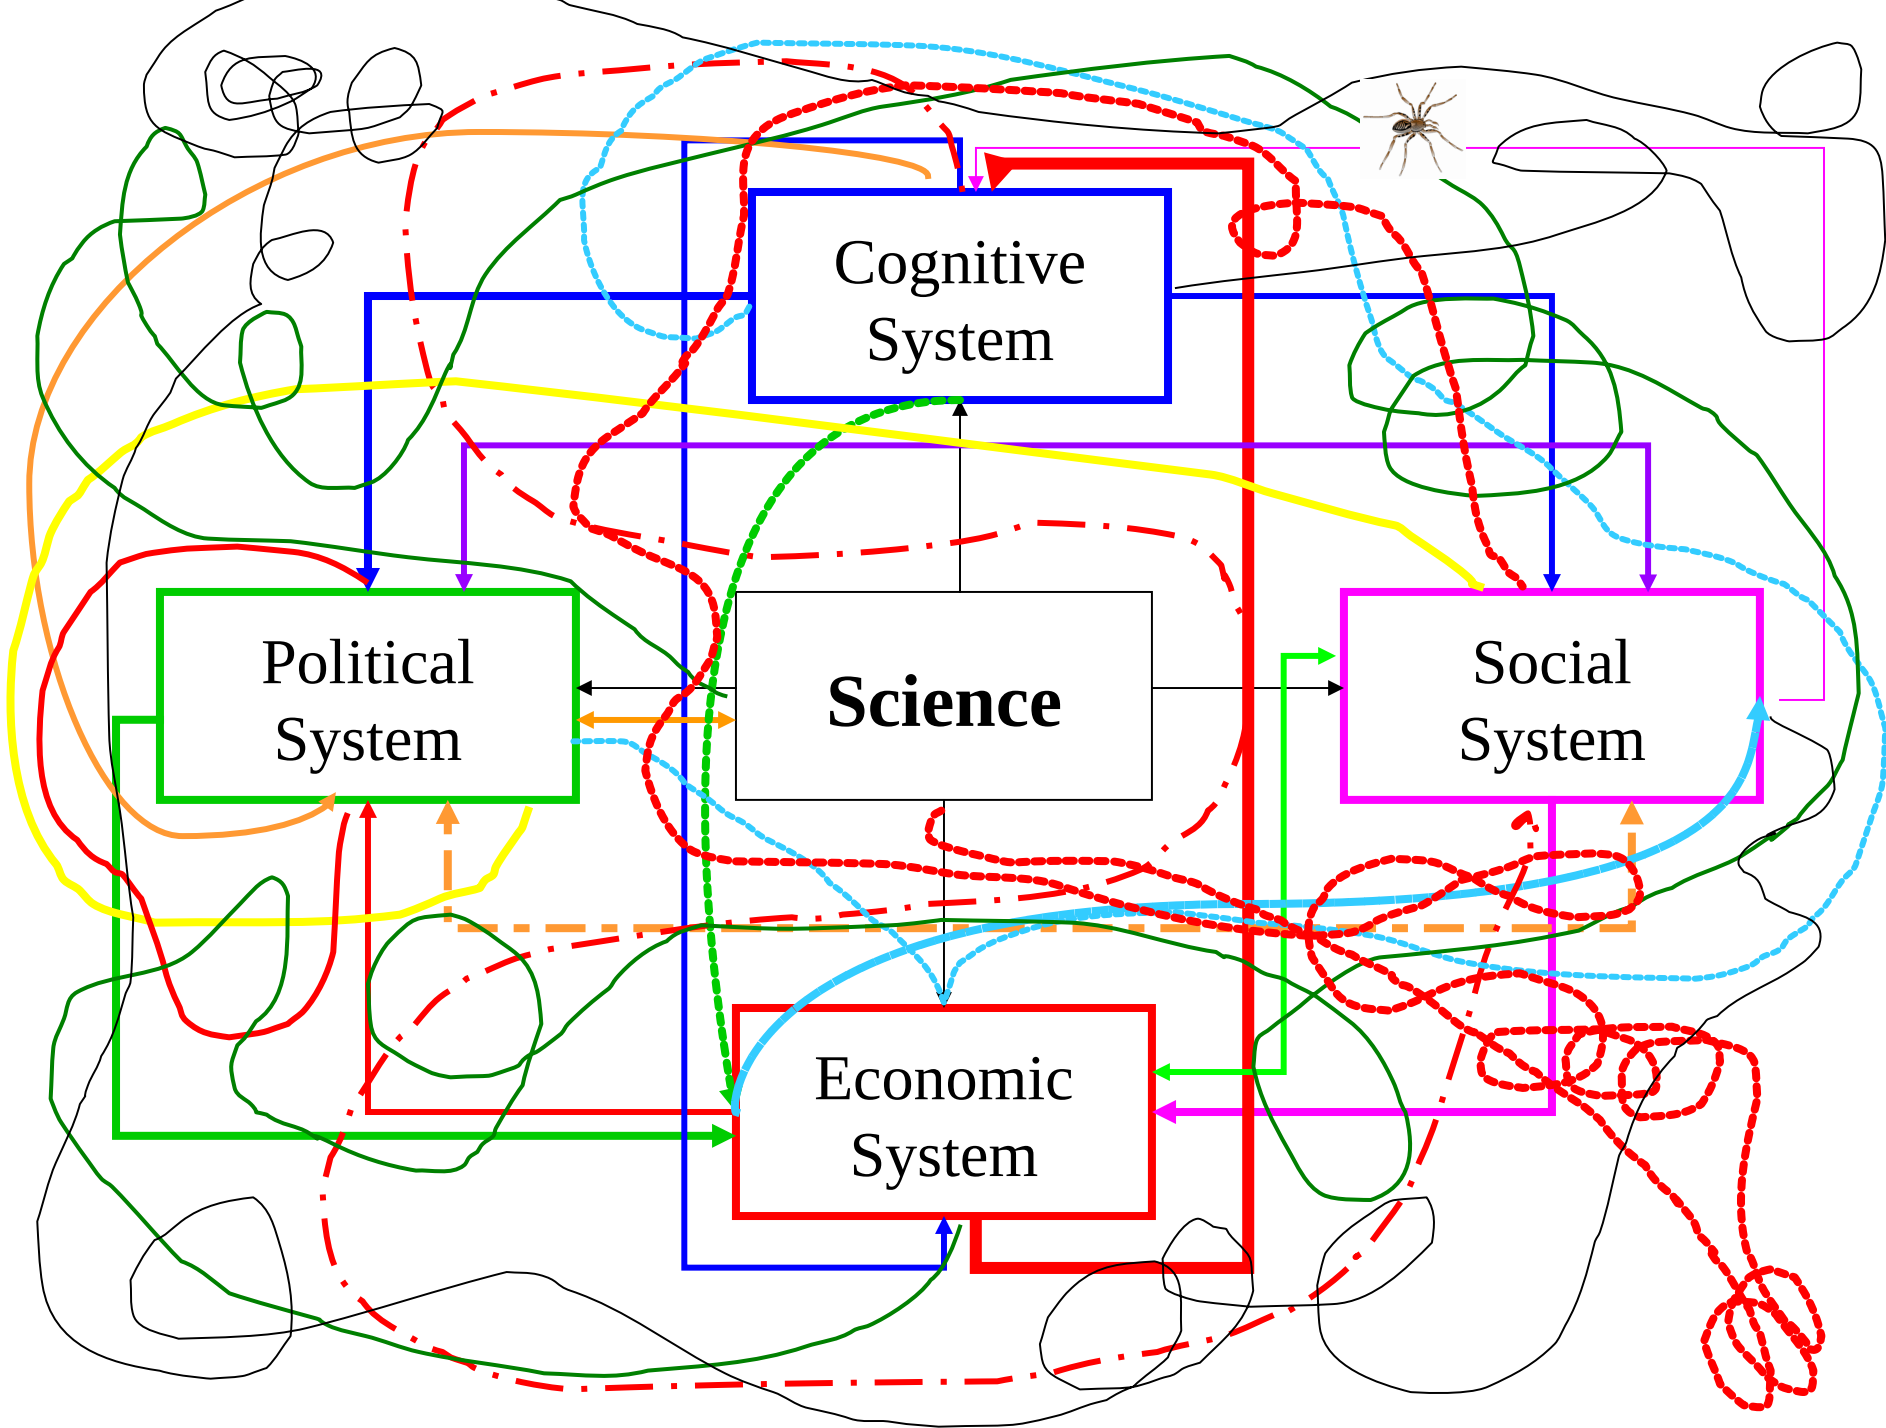

- commercial publishing, (commercial) market for scientific information, science-as-a-job & scientists-as-employees

## → 'Political' System:

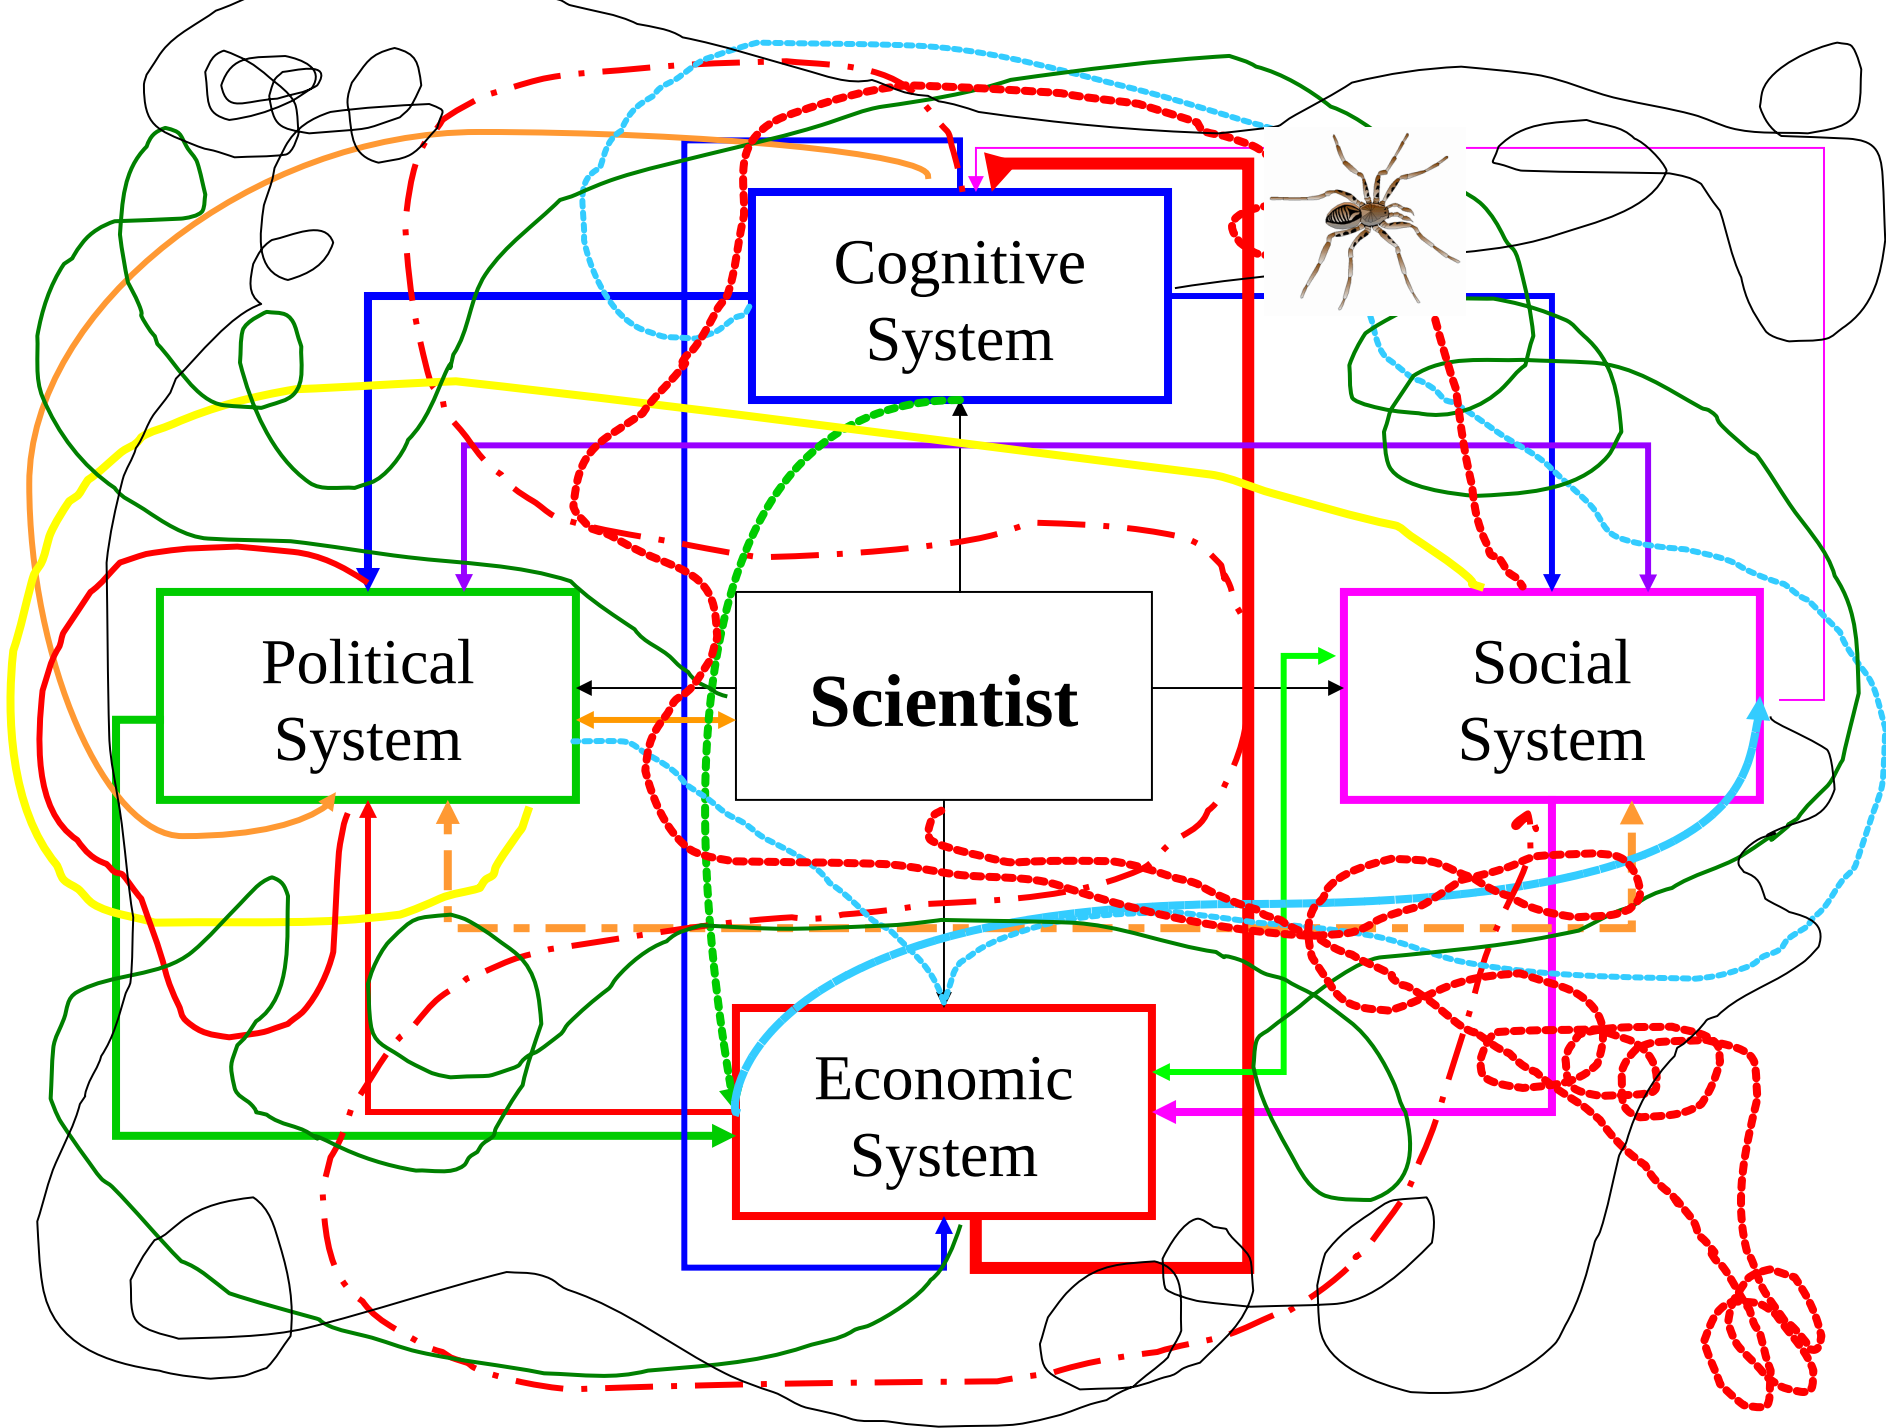

- research funding, support of research institutes
