GreyNet Award Recipient 2012

Petra Pejšová to be honoured at this year's Annual Award Dinner in Rome

Petra Pejšová graduated in Information science and librarianship at the Charles University in Prague. Currently, she is a manager of the National Repository of Grey Literature in the Czech Republic. Its goal is a systematic collection, long-term archival and provision of access to specialized grey literature, especially dealing with research and development, civil service and education, as well as in the business sphere and "open access" at the national level. Pejšová manages an international working group for development of the Vocabulary of Grey Literature Types and works in the National Technical Library as a head of the Digital National Technical Library, where she leads digitalization projects. Through lectures and publications, Pejšová provides information on grey literature in the Czech Republic. She is the editor of 'Repositories of Grey Literature' published in 2010 and an author of the certified methodology for processing, long-term preservation and accessibility of grey literature in the Czech Republic. Since 2008, Petra has authored/co-authored a number of research papers presented and published in the International Conference Series on Grey Literature.

International Directory Organizations in Grey Literature

International Directory of Organizations in Grey Literature provides a list of over 150 organizations in more than 30 countries worldwide that are currently associated with GreyNet either via partnership, membership, sponsorship, and/or authorship in the field of grey literature. Entries are alphabetical by country and each entry has an embedded link to the corresponding organization's website. GreyNet International is proud in serving the grey literature community and welcomes additions and revisions to this Directory. <http://www.greynet.org/internationaldirectory.html>

WHOIS in Grey Literature

WHOIS in the field of Grey Literature 2012 is a compilation of biographical notes provided by authors in the International Conference Series on Grey Literature and The Grey Journal. This online resource is maintained by TextRelease, the Program and Conference Bureau. Records in this directory appear in alphabetical order by last name of author and each record contains a current email address. <http://www.textrelease.com/whois2012.html>

National Technical Library

National Technical Library (hereafter referred to as "NTK") is a central professional library open to public, which offers a unique collection of 250 thousand publications freely accessible in open circulation. Its holdings form the largest collection of Czech and foreign documents from technology and applied natural sciences as well as associated social sciences. It contains a total of 1.2 Mil. volumes of books, journals and newspapers, theses, reports, standards, and trade literature in both printed and electronic forms. Besides its own collection, parts of Central Library of the CTU in Prague and Central Library of the ICT holdings are accessible in NTK.

For detailed information on the National Technical Library visit: <http://www.techlib.cz/en/>

As corresponds to its statutes, NTK manages – among others – the project of building the **National Repository of Grey Literature**. The project aims at gathering metadata and possibly full texts of grey documents in the fields of education, science and research. The NTK supports an education in the field of grey literature through annual seminars in the Czech Republic.

About GreyNet Newsletter

This serial publication endeavors to keep information professionals abreast of developments in the field of grey literature. The quarterly newsletter gives exposure to GreyNet's information resources and frontline activities with special emphasis on the International Conference Series on Grey Literature. The GreyNet Newsletter is licensed by EBSCO Publishing and can also be accessed via the Library, Information Science & Technology Abstracts (LISTA) full-text database. This serial publication is made possible through the support of GreyNet's Associate Members and Corporate Authors: FLICC-FEDLINK of the Library of Congress (USA), INIST (France), New York Academy of Medicine (USA), EBSCO Publishing (USA), the National Technical Library (Czech Republic), and Japan Science and Technology Agency.

Grey Literature is a field in library and Information science that deals with the production, distribution, and access to multiple document types produced on all levels of government, academics, business, and organization in electronic and print formats not controlled by commercial publishing i.e. where publishing is not the primary activity of the producing body.
